McGill-Queen's University Press, Canada, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English. Brand New Book. Significant public investment and increased access to higher education lead to economic development - governments across the political and ideological spectrum believe this and have designed and implemented policy based on this understanding. The Development of Postsecondary Education Systems in Canada examines how these policies affect the structure and performance of postsecondary education. This comprehensive study compares the evolution and outcomes of higher education policy in British Columbia, Ontario, and Quebec over the past three decades. The authors begin with an understanding that in order to explain the role of postsecondary education in society, they must locate systemic change. Drawing on documentary analysis and interviews, the focus is on how policy priorities are reflected in system behaviours: performance, funding arrangements, design, and structural components. Current theories about the liberal-democratic state, academic capitalism, and marketization inform discussions of the changing role of higher education in a globalized knowledge society. The book presents policy and education as a multidimensional exchange between the postsecondary community, policy makers, and the behaviour and performance of educational systems and concludes that
