Put those adjectives in front of anything else and you would run away as fast as you could! How about an alternative form of success that requires no practice, no soul-searching, and no behavioural change whatsoever? Sounds too good to be true? It's not! It's called self-destruction, and you're probably already familiar with it. But do you know how to achieve it? With Jason Seiden's expert advice, you too can learn to: marginalise yourself at work, whether you are in an entry-level position or a swanky corner office; promote mediocrity while squelching outstanding performance; use technology to your disadvantage; and, destroy old relationships and prevent new ones from forming. For safety's sake, the treatment of each topic also includes the strategies of those misguided fools who still choose success, so you know what not to do. This is a definitive collection of surefire, up-to-the-minute failure tactics that can bring you down from any height. Because when you set out to fail, you are guaranteed to win!.
