*The very best book i actually read. I was able to comprehended every little thing using this composed e publication. Once you begin to read the book, it is extremely difficult to leave it before concluding. (Reina Conroy)*

## WHYS AND THEREFORES: A RATIONAL LOOK AT THE ENGLISH LANGUAGE

Equinox Publishing Ltd, United Kingdom, 2011. Paperback. Book Condition: New. 244 x 188 mm. Language: English . Brand New Book. A recording of all of the dialogues will be available on the internet Whys Therefores aids the reader to arrive at generalizations for the shape of the English language: words, grammar, meaning, sound and spelling. The format adopted throughout is that of a light-hearted ongoing Socratic dialogue between a mentor and a pupil. The intended effects of such activity are: awareness of what it means to know a language; reliance upon native-language intuition; discovery of what one didn't know that one already knows about the language; use of ungrammaticality as an investigative tool; healthy questioning of received facts about language from so-called experts; and usefulness of language play. Whys Therefores can be read as a book, dipped into at random, expanded upon, even acted out. The language phenomena treated therein are indexed and tabbed to the dialogues where they are discussed, making Whys Therefores a valuable source of reference. Whys Therefores is intended as an entertaining yet serious do-it-yourself book about aspects of English language form and meaning. However, it will also prove useful to schools as classroom material to be further exploited by the instructor in free-range dialogue form, and to institutions offering teacher training in rational-based instructional procedures for English language education in the schools.
