Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Tales for Children From Many Lands The tales in this book have been chosen from many sources, which represent the old haunts of people, fairy-tale people, like Mother Hubbard and Simple Simon, who figure in rhyme or legend. Some of these tales have been forgotten, and some have been lost or long-buried; and there are several that may seem new to you who read them here to-day. Such a story is that of the elfin Green Knight, which is a case of a delightful old fairy-tale that grew into as delightful a romance. A romance indeed is little else than a fairy-tale for older folk. The romancers swapped (as schoolboys say) their good things, and in this way we get a story like that of King Arthur and the Giant of St. Michael s Mount, which comes from the noble old romancer, Sir Thomas Malory. For a fairy-tale, like a cat, has nine lives; it can pass into many queer shapes, and yet not die. You may cut off its head, or drown it in sentiment or sea-water, or tie a moral to its tail; but it will still survive, and be found sitting safe by the fire some winter night.
