PERIPHERAL AUDITORY MECHANISMS

Book Condition: New. Publisher/Verlag: Springer, Berlin | Proceedings of a conference held at Boston University, Boston, MA, August 13-16, 1985 | How well can we model experimental observations of the peripheral auditory system? What theoretical predictions can we make that might be tested? It was with these questions in mind that we organized the 1985 Mechanics of Hearing Workshop, to bring together auditory researchers to compare models with experimental observations. The workshop forum was inspired by the very successful 1983...
