Dick*, Kim Stanley Robinson states that *In Milton Lumky Territory* is probably the best of Dick's realist novels aside from *Confessions of a Crap Artist*, and calls it a bitter indictment of the effects of capitalism. Dick, on the other hand, says in his foreword, This is actually a very funny book, and a good one, too. *Milton Lumky territory* is both an area of the western United States and a psychic terrain: the world and worldview of the traveling salesman. The story takes place in Boise, Idaho, with some extraordinary long-distance driving sequences in which our hero (young Bruce Stevens) drives from Boise to San Francisco, to Reno, to Pocatello, to Seattle, and back to Boise in search of a good deal on some wholesale typewriters. He falls under the spell of an attractive older woman (who used to be his school teacher) and Milton Lumky, a middle-aged paper salesman whose territory is the Northwest. And then Bruce and the others slowly sink into the whirlpool of Bruce's immature personal obsessions and misperceptions. A compassionate and ironic portrayal of three characters enmeshed in a sticky web of everyday events, in a tension between love and money, with a basic failure to communicate, *In Milton Lumky Territory* stands out among Dick's early works.
