Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Politics of Aristotle, Vol. 2: With an Introduction, Two Prefatory Essays and Notes Critical and Explanatory A treatise on Politics in eight books, probably identical with that known to us as the Politics, finds a place in all the three catalogues of Aristotle s works which all the have been handed down to us - that given by Diogenes Laertius in his life of Aristotle, that of the anonymous writer first published by Menage in his commentary on Diogenes Laertius, and that of Ptolemy the philosopher, which exists only in an Arabic translation. The list of the Anonymous Menagianus is thought by Heitz not to be copied from that of Diogenes, but to be drawn from a common source. Some of its variations from the text of Diogenes, in fact, are too considerable to have arisen in the process of copying. It omits works named by Diogenes, but also names some which we do not find in his list. They may probably not have existed in the document copied.
