Brand New Book ***** Print on Demand *****.Several Turkish domestic and foreign policy issues have significant relevance for U.S. interests, and Congress plays an active role in shaping and overseeing U.S. relations with Turkey. This report provides background information on Turkey and discusses possible policy options for Members of Congress and the Obama Administration. U.S. relations with Turkey-a longtime North Atlantic Treaty Organization (NATO) ally-have evolved over time. Turkey's economic dynamism and geopolitical importance-it straddles Europe, the Middle East, and Central Asia and now has the world's 16th-largest economy-have increased its influence regionally and globally. Although Turkey still depends on the United States and other NATO allies for political and strategic support, its growing economic diversification and military self-reliance allows Turkey to exercise greater leverage with the West. These trends have helped fuel continuing Turkish political transformation led in the past decade by Prime Minister Recep Tayyip Erdogan and the Justice and Development Party (AKP), which has Islamist roots. Future domestic political developments may determine the extent to which Turkey reconciles popular views favoring Turkish nationalism and Sunni Muslim values with protection of individual freedoms, minority rights, rule of law, and the principle of secular governance. Debate on issues such as the status of Turkey's ethnic Kurdish population (including the Kurdistan Workers Party (PKK), a U.S.-designated terrorist organization), the civil-military balance, the role of religion in public life, and press freedom could coalesce in 2013 around a popular referendum on a new constitution. This, in turn, could have significant ramifications for scheduled presidential elections in 2014 and parliamentary elections in 2015.
